Oh well since
someone started I w
this I guess
have to finish. I don't
know what to say except
I hope we are always close
and I hope we can get closer.
I will call you and talk to you
about going up the river. I hope James
will let you go. Carolyn, you are almost
closer to me than my own sister. You'll have
to spend the night with me sometime. I love
you like a sister and you will always be
very special to me. You helped me with a lot of
my problems and I really appreciate it. And I
hope I helped you too. If you ever need anyone to talk
to you better call me or I will get mad. I hope maybe
James and Jim will become friends one of these days
cause I think they will really get along good. Well
I better let you go and you know something you are
a really true friend. Talk to you later and I will
talk to my mom about the river and you talk to
yours too.

Love
Your friend forever
and always,

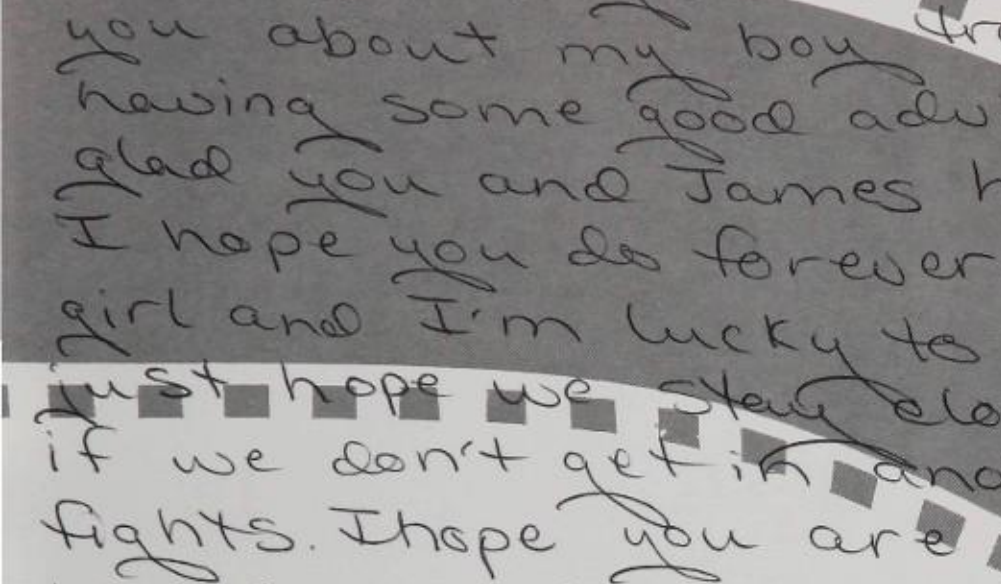
WHEN TWO PEOPLE OCCUPY THE SAME SEAT DO THEY PAY HALF PRICE?



Carolyn,

I am so glad that we got to be such close friends this year. I like being able to talk to you about my boy troubles and you always having some good advice to give me. I'm so glad you and James have stayed together and I hope you do forever. You are a really beautiful girl and I'm lucky to have you for a friend. I just hope we stay close forever. I know we will if we don't get in another one of those dumb fights. I hope you are always happy in whatever you do and I know you will be very successful in life. Carolyn, I hope will always be happy because you have everything going for you. Beautiful looks, a great personality and a loving boyfriend. He's a very lucky guy and I hope he realizes that because he couldn't have anybody better than you. If you are ever unhappy or depressed give me a call because I never want to see you unhappy, because I love you and care a lot for you.

Dear Carolyn,
Wow this year has been fantastic! and knowing you has really helped. Carolyn you are a beautiful person and I love you and always will. The troubles we have gone thru together have really brought us to be much better friends. I only tried to bring you closer to the Lord because I love you so much. I promise I won't try to push anything on you anymore and I have not tried for awhile. But you know me if you ever want to ask or come closer to the Lord I'll be around to help. O.K. Is Santa, too soon, to be a thing of the past?

How old were you when you stopped believing in Santa Claus?. Seven, eight or maybe nine? It's kind of a shock when you find out. The average age is about eight, and most eight year olds can read fairly well. When a child is just learning to read, they read anything in sight. Imagine how a sign reading "Store Santas Needed" is going to affect a child whose hero is Santa Claus.

Of course, not all kids are going to understand these signs. They'll say, "Look ma, Santa!" and take it as a grain of salt. But one smart kid is all it takes. If one child knows there is no Santa you can bet all the kids on the block will know in a week. Then there will be a lot of hurt feelings and sad seven year olds running around town.

Santa is a small but important part of these children's lives. He's a once a year thing; but oh during that time! Like the Easter Bunny!

And who else can a child go see ... in the ... at one shopping center, and then a half hour later, see him ride into town on a fire engine? Of course, at that very same moment he's at the

WHAT?!? NO STORY?!?

PREMATURE SANTAS

Have you ever looked around on Thanksgiving Day and all that was in sight was...Christmas trees, lights and other Christmas decorations? Christmas advertising really does begin too early.

In the beginning of November, they start showing T.V. commercials of products that would be a "great idea for Christmas." T.V. Christmas specials are programmed for the beginning of December. By Christmas Eve all the same old boring programs are on, and there aren't any Christmas shows left.

Not only does advertising start too early, but everything has gone to commercial. For example, the day after Thanksgiving, Santa and his helpers are in Mervyn's taking pictures of children on the jolly man's lap, while he should be home helping the elves load up the sleigh.

The spirit of gift giving is left with a few people but it is not so strong. A lot of people give gifts because they feel obliged instead of telling someone they care about them.

Come on, everybody! Let's not get too commercial and we better not start advertising too early or we won't be able to tell when and what Christmas really is!

Many students who have heard the new smoking policy have also heard the opinion of the school board. I think we should hear the opinion of the students.

Many students feel that the smoking policy is unfair. They feel that if the teachers can smoke on campus then the students should be able to also. If the teachers have an area set aside for them, the students should be entitled to ... their own.

Many non-smokers would ... smokers and this would give the smokers ... as well as giving the non-smokers the right not to be subjected to smokers.

Students feel that the speech Dr. Granucci gave on this policy was a put down for the smokers. They feel that the speech labeled smokers under the age of eighteen lawbreakers. Just for the record, the smokers under eighteen are not breaking the law. ... their right to self expression.

I'm really sorry about making such a big deal out of Greg always. French has been fun. It wouldn't've been nearly without you to talk to. I hope we can get close all over again. Take care... The days are short and sweet,
AND THE MONTHS ARE LONG AND HARD
you probably won't remember me
But that's okay, cause I surely agree,
I'm not worth knowin at all.
I know you're and I'm glad that's so,
cause you make my life worthwile,
you may regret it, but don't forget it,
cause your face always brings a smile

much love

Kelly, ope
your a
friend of mine
and one of these
days when I call you
you'll be able to talk
to me but of coarse you
know I'll forgive you spoiled
brat! (I'm just kidding). We four
really had fun together this year.
I hope we do the same next year.
Even when we got into fights as four
human beings we always managed to solve
them and as you can see everything turned
out just fine. I'm really grateful for that and
so you also know we are going to meet somewhere
in the summer so we can all see each other
and when we call you up you best not say (
"Me + James were going to play tennis" or
something like that or we'll call him up
and cancel your guy's date (I'm just kidding).
But I really hope you can make it because
your really a nice person to be around. Well
since I don't have that much room I'll
go for now! 79
